

TOWN OF WILTON

SELECTMEN'S MINUTES

Date: January 23, 2012

Time: 6:30 P.M.

Place: Town Office

Present: Chairman Daniel E. Donovan III, Selectmen Steven McDonough and William F. Condra, and Recording Secretary Pamela Atwood

The meeting was called to order at 6:30 P.M.

Jane Farrell attended the meeting and asked for a non-public session per RSA 91-A:3(c) for tax deeding issues. Chairman Donovan made a motion to enter into a non-public session followed by a vote with all in favor.

The regular meeting was called back to order at 6:54 P.M.

Next on the agenda was Gary Zirpolo. Gary talked to the Board about the guidelines he follows for billing patients. He proposed some changes to the current system which would eliminate the possibility of patients getting double billed by the hospital and ambulance service. After some discussion the Board agreed that Gary could change his billing procedure to a "bundle" billing system as he presented to the Board.

Chairman Donovan noted that the revenue for the Ambulance service was way up this year.

Next, Chairman Donovan shared an idea he had concerning the Catholic Church. He noted that he is very impressed with the progress being made by the Community Center Committee. He would like to invite the committee members to the next Selectmen's meeting to present his idea. Selectman McDonough will invite them to the

meeting.

Selectman McDonough started a discussion about the sign application process. The feeling is that the sign application process is too complex. To simplify the process the Board agreed that they can be removed from the loop. In order to make this change our attorney will need a letter from the Board authorizing the Building Inspector to sign off on these applications. Selectman McDonough will prepare the letter.

The bills for the week were approved.

Selectman Condra had to leave to attend the Budget committee meeting.

Chairman Donovan talked about the piece of land next to the Frog Pond that is being given to the Town by Stephanie Rockwell. He explained the results of the title examination completed by Attorney Little. These documents will be forwarded to the Conservation Commission.

The NRPC contract was discussed and signed with one minor change made.

One veteran's exemption was signed.

The Board had another discussion about the box culvert that runs through town. A couple new items were brought up. Selectman McDonough suggested contracting LaBombard for the engineering work since they are familiar with Wilton. He also stated that he is still interested in running a camera through the culvert. Selectman McDonough will ask Steve Elliott to add the camera fee to his budget. The project won't be done until Spring.

Chairman Donovan made a motion to adjourn the meeting at 8:11 P.M. followed by a vote with all in favor.

Respectfully submitted;

Pamela Atwood,
Recording Secretary
